SUMMARY

I am a recent BSc graduate in Computer Science and Physics, currently pursuing an Honours degree in Computer Science at the University of Zululand. I have built a solid foundation in programming, web development, and data handling using Python, Java, HTML, CSS, JavaScript, and SQL. I am passionate about using technology to solve problems and build meaningful applications. I approach tasks with curiosity and dedication, and I'm always open to learning new tools or concepts. My background has taught me to work independently and as part of a team. I'm currently seeking opportunities where I can grow as a developer and contribute to impactful software projects.

EDUCATION

Bachelor of Science in Computer Science & Physics   22/11/2024
University of Zululand

Bachelor of Science Honours in Computer Science   Present-
University of Zululand

SKILLS

- Python
- Java
- HTML
- CSS
- JavaScript
- SQL
- Web Development

- Adaptability Skills
- Attention to Detail
- Computer Networking
- Computer Literacy
- Collaboration Skills
- Planning and Organising Skills

- Problem-Solving
- Interpersonal Skills
- Mathematical Skills
- Data Structure and Algorithms
- Time Management Skills

PROJECTS

Restaurant Menu Website

HTML, CSS, JavaScript

-The project aimed to create a digital menu solution for a local restaurant, allowing customers to browse and order online.
- Collaborated with a team to build an interactive restaurant menu website.
- Led the front-end development, ensuring a seamless and visually appealing user experience.

University Student Assistance

HTML, CSS, JavaScript, SQL

- The project was developed to assist university students in managing their academic schedules, resources, and communications with the administration.
- Served as team leader, overseeing the project development and coordinating team efforts.
- Designed the front-end interface and integrated the application with a database to manage student information.

Prodigy Internship Program

HTML, CSS, JavaScript, SQL

INTERESTS

Software Engineering
